

# THE BLUE REVIEW

MAY 2021

## SPOTLIGHT SCHOOL

**School:** Webb City High School  
**Location:** Webb City, Missouri  
**Grade Level:** 9-12

Webb City is thrilled to be featured as a Spotlight School in the #HATNOTHATE Blue Review, sporting the blue anti-bullying color during the fall of 2021 and beyond. Webb City High School's enthusiasm for the #HATNOTHATE virtual assembly program is evident through the commitment of students and teachers to use this unique opportunity to create a ripple effect in their community and throughout the country.

Webb City High School, built in 1877, has a rich history of community, togetherness, and unity. Part of its mission is the importance of the concept that each student be recognized for their own value as a human being through the academic program as well as co-curricular and extracurricular activities. This recognition should encompass each facet of school and community life. This vision gives each member of the school community the opportunity to develop civic responsibility through awareness of and involvement in democratic processes and social awareness campaigns such as #HATNOTHATE. The school's leadership team plans to create a social media campaign to spread the word about #HATNOTHATE. Stay tuned for this awesome journey!
